Puppets in Portugal

**a look at Portuguese puppets
and their creators**

TEATRO E MARIONETAS DE MANDRÁGORA

Teatro e Marionetas de Mandrágora is a professional puppet theater company, founded on 2 April 2002, directed by **Clara Ribeiro** and **Filipa Mesquita** and **enVide neFelibata** as art direction.

- In the symbiosis of a symbolic language that combines heritage and traditional legacy with the contemporary society's thinking and dynamics, in a dialogue that's not always peaceful, a fundamental element emerges: the puppet — the tool used in our quest for our own cultural identity.
- Our goal is to discover the puppet's own aesthetic, visual, scenic, and dramatic potential, as well as in the relation between actor and puppet. In this experience, we intend to find our own identity-based dramaturgy: the one that explores culture, belief, and folklore combined with the urban area, the technological exploitation and the global village's fast pace.
- Throughout our artistic journey, we created a wide range of proposals, both in terms of audiences (adults, youngsters schoolchildren, families) and in terms of training (basic and specialized).
- One of our major commitments is touring our projects, through the country and abroad. We constantly concern on decentralization, community work, partnerships, social and inclusive enhancement.
- For over two decades, the Company firmly established itself as a contemporary artistic creation structure by putting on a wide range of shows. Some creations our own, others resulted from partnerships with national and foreign cultural structures and entities.
- Our team has always had space to freely create according to each other's

language and vision, converging to develop and enrich the puppet theater's art.

- Our Company focuses on social vulnerabilities but also traditions and heritage through different but converging sights. Dialogue with all different audiences, blend our creations with sites and spaces, intersect with partner entities and structures is essential for creating multidisciplinary projects that prioritize communication with spectators.
- We would like to highlight our collaboration with numerous educational service teams while implementing our education activities program in institutions such as monuments, museums, and landmark buildings.
- *Teatro e Marionetas de Mandrágora is supported by Portuguese Republic – Culture, Youth, and Sports / Directorate-General for the Arts, Espinho Municipality / Espinho City Council, and Gondomar Municipality. The structure is based at FACE - Espinho Art and Culture Forum and headquartered in Gondomar.*

PRESENTATION

Exploring the rich art of puppetry on Portuguese soil is to embark on a journey through the builders and creators who elevate the puppet to the status of true artistic expression. This four-month exhibition is a celebration of the visual work of national creators, serving as a tribute to both rooted tradition and contemporary innovation.

This exhibition does more than just celebrate the past; it highlights the innovations that contemporary creatives bring to the art of puppetry. The showcase stands as a testament to the dynamism of this form of expression, where tradition and innovation coexist harmoniously, highlighting the diversity of styles, techniques, and inspirations that shape the country's puppetry landscape.

EXHIBITION

Over the years, the Company has carried out a range of activities, from shows and workshops to collaborations, which have enabled it to build up a vast collection. We realized that it was necessary to showcase this collection, both for the Company, in terms of promotion and publicity, and for the public, who have always been incredibly supportive.

Whether for recreational, educational, or artistic reasons, exhibiting our work is an integral part of our intention to showcase the many facets of puppet theater that accompany the presentation of our creations in the context of a show.
