TEATRO E MARIONETAS DE MANDRÁGORA

Teatro e Marionetas de Mandrágora is a professional puppet theater company, founded on 2 April 2002, directed by **Clara Ribeiro** and **Filipa Mesquita** and **enVide neFelibata** as art direction.

- In the symbiosis of a symbolic language that combines heritage and traditional legacy with the contemporary society's thinking and dynamics, in a dialogue that's not always peaceful, a fundamental element emerges: the puppet — the tool used in our quest for our own cultural identity.
- Our goal is to discover the puppet's own aesthetic, visual, scenic, and dramatic potential, as well as in the relation between actor and puppet. In this experience, we intend to find our own identity-based dramaturgy: the one that explores culture, belief, and folklore combined with the urban area, the technological exploitation and the global village's fast pace.
- Throughout our artistic journey, we created a wide range of proposals, both in terms of audiences (adults, youngsters schoolchildren, families) and in terms of training (basic and specialized).
- One of our major commitments is touring our projects, through the country and abroad. We constantly concern on decentralization, community work, partnerships, social and inclusive enhancement.
- For over two decades, the Company firmly established itself as a contemporary artistic creation structure by putting on a wide range of shows. Some creations our own, others resulted from partnerships with national and foreign cultural structures and entities.
- Our team has always had space to freely create according to each other's

language and vision, converging to develop and enrich the puppet theater's art.

- Our Company focuses on social vulnerabilities but also traditions and heritage through different but converging sights. Dialogue with all different audiences, blend our creations with sites and spaces, intersect with partner entities and structures is essential for creating multidisciplinary projects that prioritize communication with spectators.
- We would like to highlight our collaboration with numerous educational service teams while implementing our education activities program in institutions such as monuments, museums, and landmark buildings.
- *Teatro e Marionetas de Mandrágora is supported by Portuguese Republic – Culture, Youth, and Sports / Directorate-General for the Arts, Espinho Municipality / Espinho City Council, and Gondomar Municipality. The structure is based at FACE - Espinho Art and Culture Forum and headquartered in Gondomar.*

PRESENTATION

A constant search for discovery, the materials of figures, imagination, engineering chaos, transforming the improbable into artistic matter. The scale and origin of form are merely glimpses of a constant quest to find a universe of her own, consistent with the personality of its creator.

We could say that Sandra Neves is a set designer, visual artist, and puppeteer, but we believe that words would fall short, so Sandra Neves is a creator of images that materialize through her objects.

The Trupe Fandanga project introduces us to the engineering of the small, the illusion that the whole lies in the smallest detail, when in fact the whole is made up of many details, none of which are insignificant. A solitary creation to which other artists are invited, but which we understand always converges on the artist's inner universe.

Teatro e Marionetas de Mandrágora has been collaborating with the artist for several years now, and it is always a privilege and a pleasure to be able to engage in dialogue with such sincerity and honesty, which are so characteristic that it seems to us to be of such simplicity that the most unwary will not understand the immense creativity that lies behind such a sensitive being.
